Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising as they often do, from the rankling poisons in the blood. This Sarsaparilla is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

AYER'S

HAIR VIGOR,

For the Renovation of the Hair.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color and the gloss and freshness of youth.* Thin hair is thickened, falling hair checked and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

And thus attest your regard for the Democratic doctrine that "This Government was made by White Men, for White Men and their Posterity forever!"

DEMOCRATIC PLATFORM.

Resolutions adopted by the State Convention, which nominated PACKER and PERSHING.

The Democracy of Pennsylvania in Convention met, do unanimously declare—

1. That the federal government is limited in power to the grants contained in the Constitution; that the exercise of doubtful constitutional powers is dangerous to the stability of the government and the safety of the people, and the Democratic party will never consent that the State of Pennsylvania shall surrender her great right of local self-government.

2. That the attempted ratification of the proposed fifteenth amendment to the Federal Constitution by the Radical members of the last Legislature, and their refusal to submit the same to a vote of the people, was a deliberate breach of their official duty and an outrage upon every citizen of the State, and the resolution making such ratification should be promptly repealed and the amendment submitted to the people at the polls for acceptance or rejection.

3. That the Democratic party of Pennsylvania is opposed to conferring upon the negro the right to vote, and we do emphatically deny that there is any right or power in Congress or elsewhere to impose negro suffrage upon the people of this State in opposition to their will.

4. That reform in the administration of the Federal and State governments, and in the management of their financial affairs, is imperatively demanded.

5. That the movements now being made for the amelioration of the condition of the laboring man have our most cordial cooperation.

6. That the legislation of the late Republican Congress, "outside of the Constitution," the disregard of the majority therein of the will of the people and sanctity of the ballot box, in the exclusion from their seats in Congress of representatives clearly elected, the establishment of military governments in States in the Union and the overthrow of all civil governments therein, are acts of tyranny and usurpation that tend directly to the destruction of all republican government and the creation of the worst forms of despotism.

7. That our soldiers and sailors, who carried the flag of our country to victory, must be gratefully remembered, and all the guaranties given in their favor must be faithfully carried into execution.

8. Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights.

9. That the present Internal revenue and taxing system of the general government is grossly unjust, and means ought at once to be adopted to cause a modification thereof.

THE TIDE TURNING.

Democrats! Conservative men! With what cheerful hopes and brightened prospects can we go into the contest before us! In less than one year the people of Tennessee have been able to turn the majority of 30,000 in that State for Grant, into a majority of 50,000 for the candidate of the Democrats and Conservatives, showing a gain of 80,000 votes. And how? By yielding to no discouragement—by standing firmly by the right—and never surrendering.

This victory follows the recent triumph in Virginia to give us courage for the future and the assurance that THE RIGHT will prevail.

Passion is giving way to prudent counsel.

The tide is turning!

Radicalism is dying out.

Moderate men are returning to our ranks.

Farmers are asking for a change.

Mechanics demand a change.

The people are reasoning.

Let the conservative men of Pennsylvania unite, and Radicalism will be defeated here as in Virginia, Tennessee, and, later still, in California!

VOTERS, REMEMBER, that Geary declined to use the veto power to check the mighty and growing evil of special legislation; that he signed the infamous and unconstitutional Herdic act, by which a judicial district was summarily wiped out of existence; that he appended his signature to a bill increasing the rate of tolls on the canals, which enabled the railroad companies to defy competition, and thus largely increased the cost of transporting grain, coal, groceries, and all bulky commodities; that he approved the calamity bill, which fixes the maximum rate of damages for loss of limb by the negligence of railroads at $3,000, and for the loss of life at $5,000; and remember that these are only a few of the more outrageous instances in which he prostituted the power conferred upon him, at the dictation of wealthy men and mammoth corporations.—*Lanc. Intel.*

THE Radicals pretend to be very much elated over the fact that there are numerous Democratic organizations in this city which are apparently opposing each other. The elections will show that our opponents will have obtained no comfort out of these apparent divisions. The fact is, there is not a large enough Republican vote in this city to make the campaign lively nor the election interesting, or to get up a sufficient contest to insure a full vote. The Democracy are therefore compelled to get up two or three parties in order that the campaign may be lively and a full vote polled.—*N. Y. World.*

THE Chicago *Tribune*, the leading Radical organ of the West, is earnestly advocating the repeal of all disfranchisement laws in Missouri, West Virginia, and elsewhere, as well as the Federal Test Oath Law. Elections in Virginia and Tennessee have opened the eyes of the juvenile canines who are leading the Radical party in this country.

THE Frederick *Citizen* says:—"He who cuts a Democrat on his ticket gives a vote for the Negro-suffrage Amendment. Close up, Democrats and Conservatives, and prepare for *action* and for *victory!*"

A RADICAL editor writes an election article which he heads "Go to Work!" That is good advice to the Radical bummers who have for eight long years been living off the sweat and toil of the people. But it won't be heeded.

Six hundred and five horses were ten in Paris in July.

ADDRESS

OF THE

Democratic State Central Committee of Pennsylvania.

Rooms of the Democratic State Committee,
901 Arch street, Philadelphia.

The Democratic State Committee, duly impressed with the importance of the approaching election, and desirous of discharging the duties imposed upon them in all suitable ways, propose to address to you a few sincere, earnest words.

We desire by the election of Mr. Pershing, to the bench of the Supreme Court, to secure a Judge of ability and high character, who will be impartial in his great office, and will make the Constitution and the Laws the rule of his judgment and action.

The election of Asa Packer, to the office of Governor, is recommended by many considerations of high moment, to some of which we propose to call your attention.

Reform is needed in the State Government, and he is a fit man to introduce and uphold it. For he will come to the performance of public duty, armed with integrity as with a garment, with a knowledge of the business interests of our people, and with an earnest purpose to do good and resist evil.

What has been amiss in legislation and in Executive action at Harrisburg in recent years, will be rebuked by his election. For he had no concern and no sympathy with the mismanagement of the State finances and with the enactment of odious or improvident laws; he has been engaged in honorable enterprise of great public utility, and has given his sympathies always to honorable men, whether in business or political life. He has also much knowledge of public life and public men. This is an indispensable qualification for the office of Governor or of President. Without it, Executive service must be badly performed or neglected.

Asa Packer represents well one practical effect of our free institutions. A penniless youth, and a man of humble position in the earlier years of his manhood, he has achieved a prominent position among the business men of the country, and distinction as a political man. He now appears before you, not unsolicited, as a candidate for the highest office in the State Government, and holds as such the respect and confidence of his fellow citizens, more truly and firmly than could a man of high rank and proud lineage in a country of despotic or aristocratical institutions. In his case, popular confidence is based entirely upon the solid foundation of real merit; tried throughout an eventful career and manifested in honorable, useful, and magnanimous action.

Asa Packer, in the Gubernatorial chair, will give to us what we greatly need; a strong point of defence and security against violent, unjust, ill-considered, selfish and partisan laws. He is above all baseness, independent of all cliques and "rings," (so called,) and as incapable of conscious injustice to political opponents as of unworthy subserviency to political friends. He will be just, firm, faithful and tolerant in his great office, if he shall be charged with its duties, and will pursue therein no selfish object, whether of ambition or of private gain.

Asa Packer is a true representative of the industrial interests of the State and of our great public improvements. His relations with both are extensive, and his views regarding them enlightened and liberal. He will favor and aid the development of the former and all possible extensions of the latter, so that our people shall be prosperous and be enabled the better to bear the great burden of their public debt.

The present canvass has not been one of excitement or of noisy effort. But we believe that earnest thought has been directed by our people to the issues involved in it, and to the respective claims of the candidates before them. There is a disposition in the public mind (and a proper and timely one) to pass from sectional and adventitious questions connected with the recent war, and bestow attention upon financial, monetary and industrial ones, which come home to our people in their every-day pursuits and avocations. Money is scarce for many legitimate and useful investments; our taxation is in many respects unequal, and upon some objects oppressive; the rates of interest upon public loans are improvident; the expenses of government (both State and Federal) are excessive, if not profligate, and the relations between capital and labor are uneasy and disturbed; and then there is unquestionably a general lowering of the moral tone of public life below the level of former times.

For remedy for these manifest evils (which none can deny, and, all good men must lament,) the people must act with energy and wisdom. They must call better men than they now have to places of public trust, and *they must break up the monopoly of power by the Republican party.* The election of Asa Packer will point to reform and improvement in our affairs, and will go a great way toward securing them. For it will mean that integrity and capacity, high honor, spotless character, business ability, experience in public affairs, and a charitable, tolerant and magnanimous spirit are appreciated by the people, and that men possessing them, will be secured whenever possible for the public service; and it will mean also, that a party in possession of unchecked power for many years, whose performance in the administration of government are unsatisfactory, will be called upon to surrender its power, or to divide that power w[illegible] another party more faithful or m[illegible] competent.

The H[illegible]risburg Convention claimed for our State the right and privilege of determining for herself the rules of popular suffrage within her limits. This right, which was recognized in the Republican platform of 1868, is one of vital importance, and should never be surrendered or waived—for if the right to determine whether Africans, Asiatics or Indians shall be electors of a State or not, be taken away from the States—no matter in what way—their character as sovereign free States is clearly [illegible] from them. We are not so direct[illegible] interested in the adjustment of suffr[illegible] in the Southern States under the re[illegible]nstruction laws of Congress, as in the [illegible]eneral question of State power over the subject of suffrage. Though we may acquiesce in the former as an exceptional exercise of Federal power over seceded States which is beyond recall—we must claim for the latter an enduring interest and vitality. Our brethren of California have declared at their recent election that they will not agree that Congress shall have power to create Japanese and Chinese voters for that State. They claim for themselves entire jurisdiction over the subject of suffrage within their State, and will not surrender it. Nor will we surrender our similar right, if we shall be wisely instructed by history and by reason, and shall be regardful of our interests and our honor.

The country desires not only peace, but all the fruits of peace—restored concord, restored prosperity, and a complete restoration of constitutional rule in all the States. We seek for this; we desire this with all our hearts. So far then as national policy is concerned, our cause is the cause of peace and of good will among men; of pure and just government conformed to fundamental law and inspired by a humane and christian spirit, and it is opposed only to mismanagement and wrong to the rude rule of the military in time of peace and to the plunder of the people.

By order of the Democratic State Committee,

WM. MUTCHLER, Chairman.

Workingmen, HEAR Asa Packer!

"Having earned my bread by the labor of my hands during young, and I may add, the happiest years of my life, and owing whatever I possess (under the Providence of God) to patient and honest toil, I can never be unmindful of the interests of those with whom my entire life has been associated."—ASA PACKER.

NEGRO SUFFRAGE THE ISSUE.

The Radical leaders of Lancaster county regard negro suffrage as the greatest possible political boon, and consider that it is the grand mission of their party to bring it about. They said so in the resolutions which were adopted at the meeting held in Duke street on Wednesday night. The last of the series reads as follows:

Resolved, That animated by the past glorious history of the Union Republican party, *and by the work that will remain undone until the final adoption of the fifteenth amendment*, we raise our banner bearing the inscription of "Gen. John W. Geary, Henry W. Williams, and the whole County Ticket."

They thus make negro suffrage in this State the issue in the present campaign, and put forward their candidates as the champions thereof. Let the white men of Lancaster city and county make a note of this fact. Let them remember that John W. Geary forced the ratification of the odious Fifteenth Amendment by sending in a message which unequivocally committed his administration to negro suffrage. There are many honest Republicans who regard the action of the legislature as a gross outrage. Let all such mark Geary who was largely responsible for it.—*Lancaster Intelligencer.*

NOW TO WORK!

Virginia, Kentucky, Tennessee, Montana and California have sent us noble examples. The odds against the persecuted conservatives of Tennessee were much greater than they have ever been against the Democrats of Pennsylvania.—But, the former had courage and faith, and they proved their faith by their works. Let us imitate them in zeal and fortitude and determination, and we shall likewise triumph! Forward to victory!

ASA PACKER AS A PUBLIC BENEFACTOR.—On Thursday, the 9th inst., there was a public opening of the Lehigh Valley Railroad to Towanda, Bradford county. Among the speeches made on the occasion was one from Hon. George Landon, ex-Senator from the Bradford district, who said, in response to the repeated calls, that "speaking to-day was no fault of his; his audience had forced it upon him, but he would speak of the faith within him. For twenty long years he had waited among these rock-ribbed hills for the coming of the iron horse; and, to-day, when he saw it and its long train of cars, screaming around the windings of the Susquehanna, he felt like saying, 'welcome, old fellow.' Now we are irrevocably linked with the world. There was no politics in it. You now send your butter to market before it grows rancid on the way, and your veal before the horns grow on it, and our farmers to-day are worth $20 more an acre than they were before this enterprise was completed. The man who does me a kindness is my benefactor and I thank him, but the man who adds to the wealth of all, and showers blessings upon a whole valley, is a public benefactor and deserves the public gratitude. Then let us to-day irrespective of creeds and party do honor to Asa Packer, to whose fore-thought and munificence we are indebted for this great benefaction."

DURING *the four years of the rebellion* ASA PACKER *was not outside of the United States an hour.* We are authorized to make this statement by Mr. Packer himself, and we dare any one to deny it. It was after the war—after peace had been declared—that Judge Packer sailed for Europe. During the rebellion he was at home, and it is a fact susceptible of proof that he contributed more money in aid of soldiers and soldiers' families than any man in the State. We venture to say that all the Radical "loil" yelpers put together did not do as much for the comfort of the soldiers as Asa Packer. They (the Radicals) were stealing from the Government at the very time that Asa Packer was paying money out of his own pocket in aid of scores of families who were in destitute circumstances.—*Volunteer.*

TRINITY church, New York, is built upon ground which was leased for 99 years. The heirs are now trying to recover it, as the lease has expired. The property is worth about $60,000,000, and the church will contest the case to the end.

OUR STATE FINANCES.

A Sufficient Sum Raised for the Sinking Fund During the Last Eight Years to Have Paid Off Nearly Twenty-Eight Millions of the State Debt.

What Has Become of the Money?

The history of the State Debt of Pennsylvania, says the Harrisburg *Patriot*, may be told in a few words. It was created principally in building up and keeping up the public works. These works were eventually sold that the debt might be reduced. In 1858, a Democratic Legislature in accordance with Section 4 of Article XI of the State constitution, enacted a law providing for the creation of a *Sinking Fund*. This Sinking Fund was to be a receptacle of certain revenues which were to be applied only to the payment of the interest on State loans and the extinguishment of the State Debt. The Act creating it (see *Purdon's Digest*, page 911) provides as follows:

"For the purpose of paying the present indebtedness and the interest thereon, and such further indebtedness as may hereafter be contracted on the part of the Commonwealth, the following revenues and incomes are hereby specifically appropriated and set apart, to wit: The net annual income of the public works that now are, or may hereafter be owned by the Commonwealth, and the proceeds of the sale of the same heretofore made and yet remaining due or hereafter made, and the income or proceeds of sale of stocks owned by the State, and all revenues derived from the following sources, to wit:

From Bank Charters and dividends.
Taxes assessed on corporations and all the sources of revenue connected therewith.
The tax on taverns, eating houses, restaurants, distilleries, breweries, retailers, pedlars, brokers, theatres, circuses, billiard and bowling saloons, ten pin alleys and patent medicine licenses.
On theatrical, circus and menagerie exhibitions.
On auction commissions and duties.
On writs, wills, deeds, mortgages, letters of attorney and all instruments of writing, entered of record, on which a tax is assessed.
On public officers and all others on which a tax is levied.
On foreign insurance companies.
On enrollment of laws.
On pamphlet laws.
On loans or money at interest.
All fines, forfeitures and penalties.
Revenues derived from the public lands.
The excess of militia tax over expenditures.
Militia tax.
Tonnage tax paid by railroads.
Escheats.
Collateral inheritance tax.
Accrued interest.
Refunded cash, and all gifts, grants, or bequests, or the revenue derived therefrom, that may be made to the State and not otherwise directed."

The receipts at the Treasury, from these sources, as per the statements of the Auditor General's office from 1861 till 1868, inclusive, foot up the enormous sum of TWENTY-SEVEN MILLIONS, NINE HUNDRED AND SIX THOUSAND, TWO HUNDRED AND TWENTY-SEVEN DOLLARS! We give the receipts for each year, as follows:

1861	$1,771,002 88
1862	2,132,430 16
1863	2,501,181 13
1864	3,007,978 68
1865	4,251,915 76
1866	4,236,915 51
1867	5,021,231 01
1868	4,586,621 12
	$27,906,227 58

Now, these twenty-seven millions and upwards ought, under the law, have gone into the Sinking Fund, and to have been applied to the reduction of the State debt. If they did not go there and were not so applied, *where did they go and to what use were they applied?* This is a question which the people ask the Radical State officials, and to which they demand an honest and straightforward answer.

This sum has certainly *not* been applied in payments on the first State loan. On the first of December, 1860, the State Debt was $37,969,847 50. On the first of December, 1868, the State Debt was $33,286,945 13, showing that but $1,682,901 37 of the debt has been paid during these eight years. Now, if all the taxes received at the State Treasury, which under the law belonged to the Sinking Fund, had been applied in payments on the State Debt, we should have the following exhibit:

State Debt in 1860	$37,969,847 50
Receipts of Sinking Fund from 1861 till 1868	27,906,227 58
Amount of debt remaining	$10,063,619 92

If, therefore, the finances of the State had been properly and lawfully administered, and the *Democratic plan* for paying off the State Debt contained in the Sinking Fund Act of 1858, had been fairly and honestly carried out, during the last eight years, the debt would only be a a little over *ten millions* instead of upwards of *thirty-three millions. Twenty-three millions* that went into the State Treasury during the last eight years, and that ought to have gone into the Sinking Fund for paying off the State Debt, have been squandered, or stolen. We do not charge this; the figures prove it. We ask the closest scrutiny of what we have here stated, and refer the reader to the statute-books and the Reports of the Auditor General's office for proof of our allegations.

IT should be remembered by the people of Pennsylvania, that the last Chicago Radical Convention declared, in their platform, that the question of suffrage was one which should be left to the States to decide upon; that on this platform a Republican majority was elected in 1868 to the Legislature of Pennsylvania; that when this Legislature met, Governor Geary recommended them to adopt the Negro Amendment to the Constitution of the United States, which the Republican majority, thus elected by a fraud upon the people, did, as far as one legislature can, bind its successors. And now this man Geary comes before the people of Pennsylvania, whom he has assisted in cheating, and asks to be re-elected Governor!—*Age.*

THINGS look as squally for Radicalism in Texas and Mississippi as they have proved disastrous in Virginia and Tennessee. Grant's promised support to the extremists has had the effect of uniting all the moderate men of the two States named in behalf of the Conservative movement, and will undoubtedly lead to the triumphant election of the Conservative candidates. So we go.

JUDGE JEREMIAH S. BLACK has brought suit in the sum of $25,000 against the Louisville and Nashville Railroad Company, for injuries received by him early in the summer on that road.

DEMOCRATS, work from now until election day, as if everything depended upon a single vote.

IT will be a glad day for the country when the Radical party is shattered forever.

Sept. 24, 1869.

County Committeemen, see that the full Democratic vote is polled in your several districts. Rain or shine, do your full duty, and all will be well.

The new Registry Law requires the Polls to be opened between 6 and 7 o'clock, A. M., and closed at 7 o'clock, P. M. Election on Tuesday, October 12th.

The best General Meade, in honor of Asa Packer, is a fair appeal to the Radicals. Meade, as a true soldier, the real hero of Gettysburg, and knows how to estimate all such shams as Geary.

Says the Scranton Register: The change from Radicalism to Democracy is very numerous in this city. If the same feeling prevails all over the State, Geary's chances will be as good as were those of Stokes in Tennessee.

If there ever was a time which demanded the full energies of every Democrat in the cause, that time is now! We can REDEEM THE STATE. Shall we not ALL work for it?

Samuel Wolf last year said to a Democratic candidate that he couldn't vote for him because HE COULD NOT VOTE AGAINST HIS PARTY! Democrats, he deserves the same reply at your hands—You can't vote against your party. TELL HIM SO!

For Associate Judge, the Democratic candidate is Robert McCurdy, and the Radical candidate Robert G. Harper. A large majority of the citizens of the county will have no difficulty in making up their minds to vote for Capt. McCurdy.

A FULL DEMOCRATIC VOTE will elect ASA PACKER. Democrats, make a "LONG PULL, A STRONG PULL, AND A PULL ALTOGETHER!" and elect a *Democratic Governor*, a *Democratic Supreme Judge, and the whole Democratic County Ticket*. What a glorious consummation that would be. PULL TOGETHER!

The Star says the Democratic meeting at Littlestown was "small and dispiriting." The Littlestown Press, a neutral paper (itself a Republican), speaks of it as a "mass meeting," and says it was LARGE. Will the Star's party try to beat it? Let them attempt it if they dare!

Organize! Organize! Register! Register! To-day, Oct. 1, is in the view of many the last day on which you can register, whilst others say to-morrow is time enough. We think it best to counsel attention to this important duty TO-DAY. Then there can be no mistake—no ground for civil or dispute. Do it at once—before *this day* goes around!

Democrats, the election will take place on Tuesday week, Oct. 12th. The time is short, but it is still long enough to make arrangements to get out *every* Democratic vote in the county. Let an active canvass to this end be entered upon at once in every district, and let every Democrat make it his duty to take part in this important work. With a full vote, the county and State can be carried by unprecedented majorities.

NO TRADING OF VOTES.

Let no Democrats be gulled into the snare which Republicans are setting for them in the trading of votes. They will surely deceive and cheat you, as they have a hundred times before. You cannot and ought not to trust them. We must elect our whole Democratic ticket. There is no difficulty in doing this. But we want a largely increased Democratic majority this year in Northumberland county, for Asa Packer and our whole Democratic ticket, and for this purpose we counsel every Democrat to stand by and vote the *whole Democratic ticket*. By so doing you will elevate to power the friends of the Constitution and the Union and of white supremacy. If you are opposed to negro voting and negro rule, vote the whole Democratic ticket.

This excellent counsel is given by that sterling journal, the Sunbury *Democrat*, to the Democrats of Northumberland county. It is as good here and in every other Democratic county in the State. The Radicals would not make the proposition to "trade" if they did not hope to make by it—and Democrats would be fools to accommodate them.

No, no, fellow Democrats, let there be no "trading"—no "cutting"—and then there will be no regrets after the election when too late to regain the damage done by a false step before it. Stick to the old motto: "the ticket, the whole ticket, and nothing but the ticket!" and you will stand right for present and future, and the party will come out all right. In this trying hour, when local cut-sts [illegible] it, most to introduce a new and deluding element, in order to overwhelm and keep down Democracy, it becomes EVERY Democrat to do his whole duty.

Several weeks ago we explained to the satisfaction of every reasonable man why Dr. Dill was absent from Harrisburg last winter when the vote to increase the pay of members was taken. Still the Star (to such little shifts for Radical capital is it brought) at repeats that we meant to dodge the issue. Nothing could have been further from Dr. Dill's thoughts. When he left Harrisburg on the 18th of Feb., to [illegible] the *Recorder*, the sweet [illegible] his father's property near Dillsburg, York county, on the 19th, he had no knowledge that any such vote would be taken, and it looks his duty to his aged mother and the will of his deceased father considered, something like an attempt to assail him under the circumstances, as he is assaulted in the Star. [illegible] a desperate pass, indeed, must a party that will so act be reduced.

The writer for the Star exclaims "why didn't he record his vote afterwards?" The thing was tried by several members, but at the instance of Davis, a big Philadelphia Radical, the very easier refused by the House. It would allow nearly a voting, and there was then tone in case in Dr. Dill trying it which he returned.

If Dr. Dill had voted *for* the pay, there would be ground for the course of the Star writer. But as he was absent in the discharge of a duty, the attempt to fix this attempt to damage him is simply desperation and is no [illegible].

Jacob Klunk, the Democratic candidate for Sheriff, is not only one of the best of Democrats, but also one of the best of men. As a neighbor, kind, friendly, attentive and as a citizen always ready to perform every duty. He is frank and cordial, too—always willing to speak his mind—not like his opponent, non-committal for fear of displeasing somebody. Besides, Mr. Klunk has never had a county office. Samuel Wolf has. The latter don't need what he is after, and said again and again that he did not want it and would not take it. To Mr. Klunk it would come very good. Mr. Wolf has a business that pays him much better than the Sheriffalty would. Let him stay where he is, and continue to make money in an easy and pleasant way, and let the old wheel horse of Democracy, Jacob Klunk, have his turn of three years.

Lying. The Radicals are resorting to their old game of lying. They have for years been in the habit of reporting in one section of the county that prominent Democrats in *other sections* were supporting this or that Republican candidate. These reports, false in past years, are false now. As an instance: One reaches us from the neighborhood of Arendtsville, on Wednesday, that Sheriff Hann was supporting Samuel Wolf, the Radical candidate for Sheriff. A more baseless or infamous lie was never cut out of the whole cloth. The Sheriff is one of our most earnest and reliable Democrats, and why a story so self refuting should be started is marvelous—and can only be explained on the ground that the opposition is more unscrupulously desperate than even before.

The Democratic candidate for County Treasurer, Capt. Wm. J. Martin, is one of our best and most correct business men. That he is admirably qualified, his bitterest opposer will not deny. Then he is a good Democrat—a believer in the doctrine that this is and ought always be a white man's government, and therefore has an immense advantage over his opponent, Samuel Herbst. We understand that the latter is persistently begging Democrats to vote for him. What claim has he upon them? None. He is on the wrong side, is riding the wrong horse. He is a Radical candidate, has no more right to expect Democratic votes than any other man on the Radical ticket. By accepting a place upon it, he forfeited all claim to anything but Radical support.

Voters, remember, that Grant was no sooner elected than a Radical Congress passed the Fifteenth Amendment in violation of the pledge given to the country in the second article of the Chicago Platform; that an effort is now being made to force upon the people of this State, by fraud, negro suffrage and negro equality, which have been established in the South by military violence; and that John W. Geary is responsible for the refusal of the Radical Legislature to permit that question to be submitted to a vote of the people, though thousands of citizens without respect to party petitioned for that right.

For the two Court-house offices to be filled this fall, Clerk of the Courts and Register and Recorder, the Democratic party presents Henry G. Wolf and Samuel A. Swope. These gentlemen are excellently qualified—the places could not find better men to discharge their important duties. They have the advantage, too, of being sound on the white man's platform. They deserve with the balance of the Democratic candidates the hearty support of every conservative man in the county.

PITCHING GEARY OVERBOARD.

A correspondent at Norristown writes to the *Age* under date of Sept. 21:

After a pretty thorough and full travel over this State, I am convinced that the Republicans do not intend to fight for Geary, having given up all hopes of election. They will however make a hard fight for the members of the Legislature, and, to that end, you must keep the Democrats advised. I will in a few days give you some idea of the workings of the party called Republican. In the Central and Western counties of the State they are offering Democrats to "change" off votes two to one. Let all Democrats be true to their candidates, and to their own principles, and all will be right.

This correspondent, we suspect, is correct. There is evidence of it in this county—at least of the *special design* of the Radicals to secure the Legislature. That body last winter ratified the Negro Suffrage Amendment. The measure has not received the sanction of three-fourths of the States and until it does its ratification can be *repealed* by this or any other State. The Radicals *know* this (how in the other direction as they may,) and hence fear the election of a Democratic Legislature to undo the unwarranted and infamous work of last winter.

But for this motive or some other equally strong, the *Star* would not *persist* in misrepresenting Dr. Dill as it does.

The Radical managers exhibit extraordinary concern for the election of their candidate for County Commissioner, Samuel Overholtzer. Every dodge, no matter how small or questionable, that in their judgment may help him is resorted to without hesitation or compunction. They evidently think Democrats verdant enough to walk right into their spider-woven trap and assist in the election of one of the most decided and unyielding Radicals in the county—a man of its best and most hard working Democrats but they count without their host.

Emanuel Neilich is the regularly nominated Democratic candidate against Samuel Overholtzer, the regularly nominated Radical candidate. Each represents his party for Commissioner, and the success of either will be the success of his party to that extent. The Radicals so understand the issue, and why should not Democrats? Are not the principles and interests of the Democratic party used as to Democrats as are those of the Radical party to Radicals?—and is there not every reason why Democrats should as firmly adhere to their candidate for Commissioner (or any other office) as the Radicals to theirs? Is there not double reason, indeed, that Democrats should stick to *every* candidate on their ticket now that Radicals are trying to fasten upon the State and country a voting element which at once chafe [illegible] to the ballot-box will restrain [illegible] used against the Democratic party specially, and the white race generally? Democrats are not blind to these things. Nor are they blind to the fact that in Emanuel Neilich, a first rate Democrat, Mr. Neilich is the superior of Mr. Overholtzer in very qualification for the place.

Of course the Radical leaders would be very much pleased to have a County Commissioner this year and then if Democrats would be so enough to give them another next year, why the result would be a Radical board, and the Democrats would be nowhere. All this would no doubt be very pleasant to the Radicals, particularly as they have so long been engaged in fruitless efforts to get county matters into their own hands. But Democrats understand the game and will frustrate it by voting for their own candidate, Emanuel Neilich.

Bring out the Vote! Democrats of the several districts, make immediate arrangements to get every man to the polls. Don't wait on your neighbor, but move yourselves. Don't by committees in several districts or in any other way that may promise to be successful. A brilliant victory awaits you if you will only strive for it. Votes—action—is the word.

The Radicals are holding no meetings in this county. They have two reasons for this course. The one is, *they are afraid to meet the negro issue before the people*, and the other is to give Radical county candidates a better chance to operate upon and humbug Democrats. Let this *sneaking* game be properly rebuked at the polls. Democrats, stick together, and thus defeat this trick.

Thousands of men of all parties, in this and all other counties, signed petitions to have the negro suffrage amendment submitted to the people. Gov. Geary said No—let it be ratified promptly by the *Legislature*! Voters, will you not now say "No" to Geary.

Old Mountjoy is represented on the Democratic ticket in the person of Levi Schwartz, for Director of the Poor. The office is one of considerable importance, and we hope that every Democrat in the county will feel it a bounden duty to give him a cordial support. The Radicals will stick to their man—let us stick to ours!

If the county can produce a better man for Auditor than the Democrats have chosen in David Rhodes, Jr., we don't know of him. And so with Dr. M. L. Gates, for Coroner. We cannot but believe that these worthy young Democrats will run a very full party vote, if not more.

Democrats, no trading!—no "cutting!" Don't help this *Radical game*. It successful with a single candidate, they will crow over you and claim it as a negro victory. Don't be humbugged by them, to your own life-long mortification.

There are indications of attempts by Radical county candidates to BUY Democrats to hand out their slips. Let our party friends in all the districts watch this contemptible business, and whenever seen expose it.

Voters, remember that Geary has abused the pardoning power so grossly that prominent Republican newspapers in different parts of the State have been compelled to denounce him for turning many dangerous criminals loose upon the community.

Assessors must return their special assessments next Monday, without fail. This is *the law*, and it must be complied with.

Big Apple.—Mr. Christopher Rice, of Menallen township, sends us a Monster Rambo Apple, measuring 15 inches in circumference and weighing 1 pound 7 ounces. This is the largest of the season so far. Can anybody beat it?

Covode Scared.—The regular Washington correspondent of the Baltimore *Sun*, in his letter of Tuesday last, says:

Mr. John Covode, chairman of the Republican executive committee of the State of Pennsylvania, was with the President to-day again in relation to political affairs in his State. Mr. Covode insists that the administration must take some action, but it has not transpired exactly in what form he wants, further than that several Federal officers in the State are objectionable and their removal is demanded. Some officers connected with the revenue are singled out particularly, and Covode says he has no hope of accomplishing anything with Commissioner Delano, and must therefore appeal directly to the Executive. The President was very anxious for the success of the Republican party in Pennsylvania, and promised to give all the aid he could. Mr. Covode thinks it was a bad move to invite Mr. Delano to take the stump, as he has made himself very obnoxious among the whisky dealers, manufacturers and distillers. Senator Wilson, of Massachusetts, who came here this evening, united with Covode in the request that something should be done at once to put the Republican cause in Pennsylvania out of danger.

Democrats, the skies are bright. Strike one heavy and united blow, and the old Keystone will be redeemed!

"I am not, and never have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this that there is a physical difference between the white and black races, which I believe will forever forbid the two races living together on terms of social and political equality."—*Abraham Lincoln*.

This was said by Mr. Lincoln only a few years ago, and yet to-day the leaders of his party are trying to make *voters and jurors of negroes*—and *force* the white people to accept the situation! whether they will or not. John W. Geary took a leading hand in this iniquitous plot last winter—and he should be well punished for it on Tuesday week.

Why don't the Radicals point the farmers to the high prices they are receiving for their products, as they have been doing regularly for the last several years, and appeal to their gratitude to support the party that confers such blessings upon them? Is it because wheat commands but about one dollar and a quarter per bushel now, and money ten to fifteen per cent. less than two or three years ago, than when it was worth three dollars a bushel and farmers were glad to get six per cent. for the money instead of paying [illegible] Of what would they [illegible]. And yet the Radicals say that business is in a flourishing condition.

The Middletown *Democrat* says the campaign is waxing warm in that county for Geary. He is a press delivering a lecture on "impartial suffrage."

Geary, in his speeches in 1866 and '68, pledged his word to the people that Negro Suffrage would not be forced upon them unless they willed it. He has [illegible] violated that pledge. *Vote for the [illegible]*!

The Chicago Grant platform pledged the Radical party to leave the suffrage question with the people in the loyal States. The authors and supporters of the Fifteenth Amendment have broken their solemn covenant with the people. DOWN WITH THE TRAITORS!

Geary sat up until midnight to sign the unconstitutional [illegible] which wiped a judicial district out of existence. On the night of the 12th of October he need not sit up until midnight to hear the verdict of the people. Long before the clock strikes twelve he will know that the honest masses of Pennsylvania have repudiated the subservient tool of the corrupt legislative ring. Let him wait for the verdict!

Every time Geary opens his mouth he puts his foot in it. At Troy he declared that he could not "stop special legislation." In Philadelphia he egotistically dwelt on "my war record," to the disgust of the assembled Radicals.

The man who votes for Geary to stay and the Radical candidates for the Legislature this fall votes—not for negro suffrage only, which would be bad enough—but to sanction a deliberate violation of the Constitution of the Commonwealth, which declares that negroes cannot vote. How can the Radicals have the effrontery to ask honest men to stultify themselves in this way. O the shame of it!

Packer built his victories as well as war. The Lehigh University, the Lehigh Valley Railroad, the extension of the latter to Towanda, the opening of the anthracite mines by which thousands of millions have been added to the wealth of Pennsylvania, are among the triumphs of the arts of peace, and the name of Asa Packer is inwrought with them all.

The Pittsburg *Dispatch*, a Radical paper, just before Geary's renomination, said:

The party desires to save the office [illegible] *it is more*, and *less*. [illegible] *Geary* is about the *biggest load we that could be pulled* [illegible] and if it (the party) attempts to carry him *it must sink under the load*.

Let 'er sink!

For want of something better the Radicals have industriously circulated the story that Asa Packer does not pay his taxes. Last year he paid *One Hundred and Seventy Thousand Dollars* in taxes. The Radicals are not satisfied with this amount, because it is not large enough to afford them all a chance to steal when it goes into the State Treasury.

Every Pennsylvanian who has an iota of State pride in his composition, revolts at the idea of having negro suffrage, or any other kind of suffrage, thrust upon his State unless the people have first had an opportunity to express themselves upon the subject. Governor Geary is the representative of the party that is guilty of this very wrong. The last Legislature acted upon the Fifteenth Amendment without having submitted the question to the people in any sense. Will the people submit to this outrage? We think not.—*Bedford Gazette*.

The Radicals are afraid to meet the negro issue on the stump. That is *one* reason why they have determined to hold no meetings in this county.

Packer and Pershing are sweeping the State like an avalanche. The corrupt Geary stands self condemned before the people and will be sent into merited retirement on the second Tuesday of October.—*Bedford Gazette*.

Governor Walker, of Virginia, has taken the iron clad oath, and been installed Provisional Governor.

Dull, duller, dullest is the cry of our business men. It is therefore just the time to advertise.

TOWN, COUNTY AND SURROUNDING COUNTIES.

THE FAIR.

Complete Success—Large Display of Animals and Articles—Immense Attendance.

The Seventh Annual Exhibition of the Adams County Agricultural Society, held Tuesday, Wednesday and Thursday of the present week, proved the most complete success in its history. The entries were numerous beyond precedent, whilst the crowd in attendance, especially on Wednesday, exceeded anything we ever saw on the ground. The weather was delightful.

The main Hall presented many interesting features. Whilst the exhibition of articles in all the departments was good, in several the attractions were extraordinary.

The Cottage Furniture and Wall Papers met with well deserved notice.

The collection of Sewing Machines was unusually large, as well as the display of work done upon them.

The walls were decorated with an extensive variety of Oil Paintings, Chromos, Chromo Lithographs, Engravings, Medallion Pictures, specimens of Penmanship, &c., many displaying much skill and real beauty.

Suspended from the ceiling a large lot of the handsomest Quilts, Counterpanes, Afghans, Shawls, Rugs, Mats, Robes, &c., were shown off to advantage, and received everybody's attention and favorable comment.

A rare and much admired collection of stuffed birds occupied a prominent place in the Hall, and held a crowd nearly all the time. In this section the Excelsior Gallery also had a large assortment of Photographs, Battle-field Scenes, and other attractions in that line.

The long table, extending nearly the entire length of the room, was filled with an almost endless variety—Embroidery, Worsted Work, Knitting, Plain and Fancy Needle Work, Bead and Hair Work, Sofa and Chair Cushions, Ladies' Shell Boxes, beautifully dressed Dolls, Slippers, home made Linens, &c., all good, and much very superior.

Several Parlor Clocks attracted attention by their beauty, whilst the exhibitions of Wax Work were exquisite, vieing with nature itself.

The collection of Fruit was gratifying, and credit to the county. Larger or finer apples we never saw, and they embraced every variety, whilst through the there were several baskets of splendid peaches, with many specimens of tempting pears, Grapes, too, in abundance, and all excellent.

Bread, Cakes, Biscuits and Rolls were all worthy of notice, as was the Butter, which looked fresh and sweet.

The entries of Jellies, Preserves, Canned Fruit, &c., were very numerous and hard to beat. The Wine was pronounced good all through.

Beautiful Flowers and sweet smelling Plants graced the occasion.

Several sets of Harness indicated taste and skill in manufacture.

A handsome assortment of Segars and Smoking and Chewing Tobaccos elicited much praise from the lovers of the weed.

An Old Castle suspended from one of the chandeliers was universally admired, as it deserved to be.

The Scissors and Commentaries of John Calvin, published in 155[illegible], a rather large [illegible] 79 years old, and an ancient Crock, were pleasing to those fond of relics of the past.

In the building for Farm Products and Implements were representatives of the whole vegetable family—immense Pumpkins, Irish and Sweet Potatoes, Yams, Cabbages, Beets, Celery, Peppers, Onions, Tomatoes, &c., all splendid specimens, whilst there were likewise many entries of the finest Wheat, Rye, Corn, Oats, Barley, and Grass Seeds.

The competition in Reapers and Mowers was great—also in Horse Rakes. There were Corn Planters, Cultivators and Shellers, Ploughs, Winnowing Mills, Threshing Machines and Horse Powers, Smut Machine, Hay and Straw Cutter, Hoisting Jacks, Wagons, Buggies, &c., all attracting their share of attention.

At no previous Fair was the exhibition of Cattle so large and gratifying. All the stalls were occupied, and that too by very fine blooded grade and native stock. There were bulls, cows, heifers and calves of the Durham, Devon, Alderney, Ayreshire and Teeswater breeds, besides, as we have said, all the different grades and natives.

The Sheep department was very full—Southdown, Cotswold, Spanish, Native, &c.—all superior. We noticed a trained goat driven in harness to a miniature sulky, by Master Linah. This "team" was among the most observed.

The Hog department was also well filled. Never was better stock shown.

The coops were nearly all taken up with nice looking Chickens of different varieties, Turkies, Geese, Pigeons and Rabbits.

In the Horse stalls were many fine Stallions, heavy and quick draft, with Colts, Mares and Colts, besides a larger number of "fast horses" than were ever here at one time before. The county contributed several of the latter, whilst Frederick, York, Hanover, Carroll county, Mechanicsburg and other places made up the balance.

Trials of Speed.—On Wednesday morning the pacing race came off. S. J. Diller's grey horse "Polliver," winning the two first heats. Time 3:01 and 3:01. Premium $10.

The county premium, $25, for best trotting, was carried off by D. H. Rebert's bay horse, "Sleepy John," of Liberty township—winning the two first heat.

A horse belonging to Jacob Mickley, D. of D., of Franklin township, took the premium $5 for fastest walking.

The $100 special premium for the fastest trotter was won on Thursday afternoon by T. Quinn's sorrel horse of York, he taking the two first heats, time 2:4[illegible] and 2:[illegible].

The crowd in attendance on Wednesday was variously estimated at from 10,000 to 15,000.

Total receipts, $2,551 03.

Big Hauls of Eels.—Messrs. John Hoover, Wm. Wagner, John Weigle, Peter Laughman and Henry Hoover, whilst attending a Fish Basket in Big Conowago, below Brown's mill, a few nights ago captured the enormous number of 800 eels, besides a large lot of fish, many of them of extraordinary size.

On the same night, near Himes's mill, on the same stream, Messrs. Emanuel Hall, Sylvester Wolf, John Wolf and Nathaniel Staub caught 300 eels in a Basket, with 100 fish. About 50 of the eels would have averaged 2½ pounds, one weighed 4 pounds. These were "hauls" worth bragging about—real Packer sweeps.

Fifty-second Year.—The Compiler enters to-day upon its fifty-second year. Through this long period it has ever been a faithful sentinel on the Democratic watch tower, guarding and defending the interests of the people. This it has done for more than half a century, for nearly a quarter of a century in the hands of the present editor. Time has, if possible, served the more to confirm him in the correctness of Democratic views, and he shall always feel it a pleasure as well as duty to persevere in the good and great work. For the patronage heretofore enjoyed, he avails himself of this anniversary occasion again to express his gratitude—and to renew the assurance that no effort will be spared to deserve a continuance of it.

The circulation of the Compiler is now so large as to justify us in claiming for it a position among the best advertising mediums in the State, whilst in machinery and materials the office is fully up to the times, having all the latest and best improvements in the art. We can therefore promise the most satisfactory work at the lowest rates.

Fine Fruits.—Mr. John Narberk, residing on Sheriff Hann's property, in Straban township, places upon our table several bunches of splendid Isabella Grapes. They are part of the product of a single vine, upon which 130 pounds, or a flour barrel full, were grown this season.

Mr. Jesse P. Topper, of Highland township, sends us several Monster Rambo Apples of very large size, and Mr. Henry Stemmer, of Franklin township, a lot of Pound Apples, also mammoths in their way.

Mr. Samuel A. Weitz, of Berwick township, contributes a number of most delicious Pears.

Mr. Jacob C. Shriver, of Huntington township, sends us a Pippin Apple 11 inches in circumference and weighing 1 pound 1 ounce.

Mr. George Lady, of Franklin township, presents us a basket of prime Pears.

All these gentlemen deserve and have the editor's thanks.

Sold.—George W. McClellan has disposed of his lots on Carlisle street, opposite the residence of Prof. Ehrehart, Daniel Cashman purchasing one of 60 feet front on the corner of Union street for $400, and Robert McCurdy the other 6 lots for $1600.

The residence of the late Judge Robinson, on York street, was sold at public sale yesterday week for $4005—Henry J. Fahnestock purchaser. Also a lot of 2 acres and 10 perches opposite the Reformed Church, to Dr. O'Neal, at $480.

Samuel Hall has sold his property in Franklin township to Samuel Eicholtz—[illegible] acres, with improvements, at $2,8[illegible]. Conrad B. Walter has also sold Mr. Eicholtz [illegible] acres without improvements, in Highland township, [illegible].

School-house Burnt.—On the night of the [illegible], St. Peter's school-house, in Hamiltonban township, was entirely destroyed by fire. There was prayer meeting in the house in the evening, and the building was seen to be all right by a person after midnight, but between that and morning it was burnt. The brick was carried out and found at the root of a tree near by, which proves that the fire was the work of an incendiary. The house had lately been modernized and was in good condition.

Arrested.—Jeremiah Cutbaugh, charged with malicious mischief, [illegible] wife, was arrested in the South Mountain on Sunday last by officer Renzer, of this place. Just as Renzer was about to take him, Cutbaugh made for the bushes, Renzer drew his revolver and fired several shots, one of them taking effect in Cutbaugh's arm. He then gave himself up and was brought to town. Dr. O'Neal dressed the wound, which proved to be only through the flesh—no bones broken. Cutbaugh was committed to jail in default of $1,000 bail.

Splendid Apples.—Mr. Conrad Weirman, of Menallen township, has placed on our table three varieties of splendid apples—Pound Apple, King of Tompkins County, and Wagoner. One of the Pound Apples measures 13½ inches in circumference and weighs 1 pound 4½ ounces—another measures 14 inches and weighs 1 pound 1 ounce. The other specimens are also very large of their kinds. Mr. Weirman has our thanks.

"*The Immortal J. N.*" was here during the Fair. He addressed an immense audience on the Fair Ground on Wednesday afternoon, "lifting the veil," and "assuming the pressure." He desires it to be distinctly understood that he assumes all the responsibility, and will stand up for truth till the last horn blows. He will be here again in 1870, and wishes the announcement made thus early that all may be prepared for his coming.

A Large Eel.—Wm. Alexander, of Mount Holly Springs, caught an eel in Mountain creek, Cumberland county, measuring four feet in length, eleven inches in circumference, and weighing eight pounds. It is supposed to be the largest eel ever caught in this section. Mountain creek is a tributary to Yellow Breeches, and this eel, it is thought, has been king thing around its source for a great number of years. Can any of our fishermen beat this?—*Patriot*.

Farmers, This Way.—Bigham & Co. are the agents for the Champion and the Buckeye Reapers and Mowers, the best machines now in use. Farmers wishing to get a good machine, and one that will give entire satisfaction, should not fail to call on Bigham & Co., at their Warehouse, on North Washington street, Gettysburg, Pa. Come one, come all, and see the world-renowned machines. tf

A Word to the Wise.—Persons going to House keeping this spring would do well to call at Col. C. H. Buehler's extensive Ware-room, near the Passenger depot on Carlisle street, who has on hand a very large assortment of Stoves of the best manufacture, Cooking, Parlor, Office and Chamber Stoves, for wood or coal, also Hollow Ware, Tin Ware, Japan Ware, Britannia Ware, Bird Cages, and a general assortment of Kitchen utensils, necessary in house keeping, and at very low prices. tf

Packer Fruit.—To show what our Packer friends can do in the fruit line, we refer to a number of specimens noticed to-day.

Big Corn Crop.—Mr. John Ruff, Sr., of Hamilton township, has grown, this season, one hundred bushels of ears of Corn on half an acre of ground.

Adjourned.—The Lutheran Synod adjourned on Monday evening.

Mad Dog Killed.—On Monday last a number of our citizens were greatly alarmed by the appearance of a dog in the street, that gave unmistakable signs of hydrophobia. After frightening a goodly number of femininies, he was despatched by one of our citizens.—*Littlestown Press*.

Painful Accident.—On last Sunday whilst a little son of Mr. Thaddeus Blocher, of this borough, was amusing himself on a pile of lumber, one of the planks suddenly slipped from its place, catching the little fellow's left leg under it and breaking it between the knee and ankle. The fracture was adjusted by Dr. R. S. Seiss, since which time we learn the lad is doing well.—*Ib.*

Fight Among Railroad Men.—On last Friday evening the laborers working on one of the sections of the Tuckerink [illegible] Pennsylvania Line Railroad had quite a lively time of it in the neighborhood of Emeytown in the shape of a "free fight," during which we learn that one of the men was so badly beaten that his life was despaired of by the physicians attending him. We have not learned the origin of the fight, but presume Captain whisky was the cause of it.—*Ib.*

Accident.—Mr. Jacob Hoover, of Freedom township, near Fairfield, had his leg broken on the 5th inst. Mr. H. had been out on his farm and was on his way home, when his horse threw him and broke his leg above the ankle. His leg was very painful for a day or two, when mortification set in, and on the following Sunday he died. He was every [illegible] man, and was much respected by all who knew him.—*Star*.

In Luck.—A new [illegible] mine of Mineral Paint has been discovered on land of Amos Lefever, Esq., in Union township. It has been tried and pronounced a superior article. Verily, friend Amos is in luck.

Declined.—We learn from the *Lutheran Observer* that Prof. Stoever has declined the Professorship of Latin tendered to him by the Trustees of Muhlenburg College.

Peaches.—Mr. A. K. Myers presented us last week with a basket of delicious peaches, for which he has our acknowledgments.

One of the difficulties of our Pacific railways has been the absence of any large formation of coal, we are therefore glad to see that the engineers of the Kansas Pacific Railway have discovered a great deposit of coal in the foot hills of the Rocky Mountains. On the plains of Kansas and Colorado the absence of timber makes coal of almost as much necessity as salt. The coal found in Colorado is better than that of Kansas, and it is estimated that in that territory alone, north of the Arkansas River, there are 5,000 square miles of coal, with veins varying from five to sixteen feet, overlying each other and exposing to view, in some places, from [illegible] to [illegible] feet of solid coal. This great necessity makes the Kansas Pacific Railway one of the wealthiest corporations on the continent, and their bonds with its agents Messrs. Dabney, Morgan & Co., and M. K. Jesup & Co., of New York, [illegible] the people and ask a loan of six and a half millions of dollars, and offer 7 per cent. interest in gold (principal payable in 30 years), with the coupons paid at the option of the owner in New York, London or Frankfort. We do not see that there can be any better security for the investment of money. And especially now, when Government securities ruling at a high figure, in consequence of the efforts of the New York speculators to make Secretary Boutwell pay a large price for the 5-20's which he is now redeeming to reduce the national debt, it is almost an act of patriotism for our people to sell their bonds to the Government and take advantage of the high prices and purchase a good first class 7 per cent. security at [illegible]. Many of those of our readers who hold securities or desire to invest should send to the New York bankers and get pamphlets, maps, and circulars, and investigate this subject thoroughly. It

New Cooking Stove.—The attention of Housekeepers is invited to the Excelsior Penn Cook Stove, which has recently been brought into the market, and bids fair to throw all other Stoves into the shade. This Stove *took the first premium* at the State Fair held in Harrisburg last fall. Among its peculiar merits are the large Oven and Flues, and general simplicity, not being encumbered with unnecessary appendages, which in many stoves only enhance the cost without being of practical use. For beauty of design, quality of material, and general excellence, it cannot be excelled. The price is lower than any other first class Cook Stove in market, and yet is warranted to cook and bake equal to the best. The Excelsior Penn Cook can be seen at the Wareroom of Col. C. H. Buehler, on Carlisle street, Gettysburg, who is the Agent for this place. Call and see it. tf

THE HON. EDWARD M'PHERSON is making a tour through Europe for the benefit of his health, and will not return home in time to assist Geary in his campaign. The last communication he received from the Warrior was that affectionate note written in the month of February in the present year, which commenced "dear sir" and ended "yours truly." In this note the Warrior gave Mr. M'Pherson his opinion that Covode was entitled to the seat as a member of Congress from the 21st district. As an additional mark of high regard the interesting billet bore the certificate of the Secretary of the Commonwealth to the genuineness of the Warrior's "hand of write," and also on its blank leaf, a big broad seal of State, with a blue ribbon drawn through it such a one as the ingenious clerks in the State Department know how to make. With Eastern grandeur, Covode was made the bearer of this precious missive, and in delivering it to M'Pherson, he described it as a "supplementary proclamation," by virtue of which it was expected that the Clerk of the House would enter his name on the roll of members, which was then being made up. Mr. M'Pherson curiously examined the letter, turned it over and over again, Covode all the while telling him it was a "Supplementary Proclamation" from Geary. But the stupid M'Pherson would not see any proclamation in it. He was quite glad to hear from his friend Geary. He hoped that the Governor was well and that his family were in the same state of health. He was much pleased to see his excellent friend Covode, who still continued to talk about the proclamation, all the time pointing to the big seal and the certificate of the Secretary of the Commonwealth. Still M'Pherson could not see the Proclamation in it, and has not been able to discover it to this day. The Radicals in Congress could not see it after spending a whole day in trying, aided as they were by the brilliant Cessna. M'Pherson's thoughts while travelling in Europe often revert to his home in America, and when they do, doubtless, there arises to his amused fancy, the memory of Covode, Geary and the Supplementary Proclamation. There are many Radical politicians in this State besides M'Pherson who would be glad to travel in Europe or anywhere else to escape the unpleasant task of supporting the Warrior a second time for Governor.—*Harrisburg Patriot.*

B. Careful. In these days, when tight hats, hot air, and sedentary occupations, cause the hair to fall out, it is a matter of no little importance to know which of the hair preparations are of *real* value. The majority, as has been frequently proved by the first dermatologists, or hair doctors, possess little or no merit. Such being the fact, it is consoling to those who are afflicted to know there is really *one good article*, which is recommended and used by the first medical authority, and has stood every test, many years. This preparation is HALL'S VEGETABLE SICILIAN HAIR RENEWER, a truly scientific compound, which is unquestionably the best preparation of the kind now before the American public. It will restore gray hair to its original color, cleanse the head thoroughly, cure all eruption of the scalp; and will always stop the hair so long as any germs remain, as they almost invariably do, until extreme old age has destroyed them. The original article is made by R. P. Hall & Co., Nashua, N. H. *Journal's Cor., Jan 25, 1865.*

Honor. Gray hairs are honorable—so we have read and heard from boyhood days; and yet no one, man or woman, seems to desire the honor of gray hairs. Baldness, too, is the dread of all who are threatened that way, and every effort is resorted to, to avoid it. Seward & Bentley's Alstim for the hair is said to be a capital preventive of either, and that it restores the hair to a healthy condition and to its original color. tf

Hawk, Hawk, spit, Spit, Blow, Blow and disgust everybody with the offensive odor from your Catarrh, just because some old fogy doctor who has not discovered and will not believe that the *world moves* tells you that it cannot be cured. The proprietor of Dr. Sage's Catarrh Remedy will pay $500 reward for a case of Catarrh which he cannot cure, sold by druggists, or send sixty cents to R. V. Pierce, M. D. Buffalo, N. Y., for it.

A Desire. It has long been a desire with Medical men to have an agreeable tonic which will act beneficially upon the different functions of the system without deleterious effect. Speer's "Standard Wine Bitters" fully meet the want so long felt. Their base is his pure wine, without any medication, except by herbs and roots. Sold by Druggists. tf

Something New. To those who like to see anything tasty or stylish in the Cassimere line, we would recommend the latest style Diagonals or Plaids, which we saw at F. D. Duphorn's. A large new stock just received, and selling cheap. Store northwest corner Square. tf

CAUTION.

Extended success in any department of business justly awakens competition, and owing to defective moral and moral structure, often begets envy. Now these are to be expected and may be met by energy and determination; but not unfrequently the bounds of legitimate rivalries are overstepped and base, unscrupulous men stoop to use the patronage of others to further their nefarious purposes. With the assistance of science, and by means of industry and honesty, in providing a potent remedy, Dr. Stoever's Old Standard Tonic Herb Bitters have attained unparalleled celebrity, having been before the public for the last thirty years.

Where ever they have entered the sick or complaining household, their effects have even exceeded expectations, and so far surpassed all we have claimed for them by circular, card, or otherwise, that the public confidence in the medicinal qualities of the Bitters is unbounded. We do not fear the competition of the empirical throng who attempt to palm off remedies upon the people, which are not scientifically compounded, and are destitute of a valuable qualities. Their empiricism will be discovered in the end, and the inefficiency of their preparations found out. We would rather be envied for merited success than despised for failure, however ungenerous it may be for man either to envy or despise. Against another and a worse class of individuals, we are forced to take action. We allude to those who take advantage of our popularity, and attempt to gain public favor and confidence by counterfeiting the Old Standard Bitters, barely imitating the label, or making other approaches to its preparation calculated to deceive, and as a matter of course, in so far as they succeed, to bring our excellent Tonic into disrepute. The public are hereby warned against such imitations. In order to further protect ourselves, and save the afflicted from imposition, we have concluded to change our label so as ever hereafter to sustain our indentity, and keep the reputation of the Old Standard intact. We incur great expense by so doing, but the end warrants the means. The new label along with the caption, directions and neat ornamentation will present an excellent steel portrait of C. H. Krider, the senior member of the firm. This will be the badge of its genuineness, as well as a guarantee of the quality of the Bitters. The label will be duly copyrighted, and thus placed beyond the reach of counterfeiters. By no fault of ours shall the public confidence ever be abused or the reputation of the "Old Standard" be allowed to suffer. None genuine unless signed

BE WISE

WHILE wisdom will benefit you; be not always controlled by your incredulity. Hundreds have sought relief from the horrors of Dyspepsia through the medium of DEMPTH'S ANTI-DYSPEPTIC STOMACH BITTERS and found it. Why should you suffer when this admirable stomachic has cured many similar cases—why do you doubt, while others believe and are cured? Delay in this matter is both dangerous and unprofitable, your health, happiness, and business suffers, while constant neglect is frequently followed by serious and uncontrollable results. DEMPTH'S BITTERS are equally useful in the numerous difficulties *attending* Indigestion; as BILIOUSNESS, CONSTIPATION, &c., while for FEVER and AGUE and other disorders proceeding from MIASMATA, it is the only reliable preventive and remedy known.

BUSBEY'S *GREAT* INVIGORATOR AND RESTORER OF THE VITALITY OF THE STOMACH.

Prepared from Pure Vegetable Materials.

PURE TONICS AND THE MOST PLEASANT AROMATICS.

ON the 6th of July, 1869, the firm existing between BUSBEY & HEAGY was dissolved. J. BUSBEY, the Inventor, being now Sole Proprietor of the GREAT INVIGORATOR, &c., thus informs his friends and the public generally that he continues the manufacture of the said BITTERS, wholesale and retail, at the same place, where their orders will be thankfully received and punctually attended to.

This invaluable Remedy for Dyspepsia and General Debility of the system is offered to the public, after a fair trial of its merits, with entire confidence that it will command their approval. It has been submitted, with the materials which compose it, to practicing Physicians—among others to Dr. M. D. G. PFEIFFER, one of our oldest and most eminent Physicians, residing in New Oxford, who, after examination, pronounced it a Remedy which would *not fail* to show its salutary effects, when properly administered, in cases of Dyspepsia, springing from old age and debilitating effects of serious inward diseases—weakening, and at last destroying the nervous power of the stomach itself—and therefore entitling it to be emphatically called "The Great Invigorator."

Dr. W. J. McCLURE, another prominent Physician of New Oxford, thus gives his opinion:

NEW OXFORD, Dec. 30, 1868.

MR. JOHN BUSBEY,—*Dear Sir:*—At your request I have examined "The Great Invigorator," prepared by you, and the formula from which it is prepared. It is composed of some of the most powerful vegetable tonics and most pleasant aromatics known to our profession; and I have no hesitancy in recommending it in Chronic cases of Dyspepsia, and in all cases of Indigestion resulting from debility of the Stomach. Believing that, if properly used, it will be of incalculable benefit to the suffering of our race, I subscribe myself, yours, very respectfully, W. J. McCLURE, M. D.

ELEVEN YEARS

Of Experience with a constantly increasing demand for Roback's Medicines is sufficient acknowledgment of their intrinsic merit, and places them the very first in rank for curing the diseases for which they are recommended. Sold by all Druggists.

COSTIVENESS,

Or, Constipation of the Bowels, should always receive prompt attention, as it predisposes the system to disease. The timely use of such valuable cathartic remedy as Roback's Blood Pills has saved much sickness, disease and death, and many persons to-day, are indebted to these pills alone for their very existence, as the certificates in our possession will attest.

DROPSY,

And Dropsical Swellings, are always relieved and often permanently cured by the alterative effect which the timely use of Roback's Blood Purifier, when taken in conjunction with Roback's Blood Pills, is sure to produce.

DINNER PILLS.

All persons of bilious habits, after eating or drinking too freely, will find great relief in the use of Dr. Roback's Blood Pills; they aid digestion by stimulating the stomach, thus avoiding the pain, nausea, sour eructations, &c., which follow from eating too heartily.

ERYSIPELAS

Often arises from morbid condition of the entire system, and no better remedies can be found than Dr. Roback's Blood Purifier and Blood Pills.

CONVALESCENTS,

Or persons recovering from Fevers or any of the malignant forms of disease, will find Roback's Stomach Bitters invaluable as a tonic and stimulant for removing all the prostrating effects which follow disease; it supplies the great want so long felt for a safe and reliable tonic and appetizer.

LIVER PILLS

Are Pills that have a direct and powerful action on the liver, and relieve any inactivity or congested state of that all important organ upon which depends the whole process of digestion. The importance, then, of procuring a Pill that shall have such direct action without the ill effects of mercury, is manifest to every one; such Pills are Roback's Blood Pills; they are warranted purely vegetable, and can with certainty be relied upon, and are safe at all times.

MELANCHOLY

Is one of the many disorders of the nervous system, arising from a low state of the constitutional health or severe prostration after long continued sickness, and requires invigorating remedies like Roback's Stomach Bitters to restore the nerves to their natural vitality.

WHO SELLS THEM?

The Agents for the sale of Roback's Blood Pills, Stomach Bitters and Blood Purifier are A. D. BUEHLER and J. M. HUBER, Gettysburg, Pa.

This Company, National in its character, offers, by reason of its Large Capital, Low Rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of Premium, being largely reduced, are made as favorable to the Insured as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends, and the misunderstandings which the latter are so apt to cause the Policy Holders.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, *an annual income equal to ten per cent. (10 per cent.) of the par of his policy.* In the latter the Company *agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.*

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

FORNEY'S Horse & Cattle Powder.

This Preparation has become a great favorite with the people of Adams county—will thoroughly reinvigorate broken down and low spirited horses, by strengthening and cleansing the stomach and intestines. It is a sure preventive of all diseases. Its use improves the wind, increases the appetite, gives a smooth and glossy skin, and transforms the skeleton into a fine looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk and makes the Butter firm and sweet. In fattening Cattle it gives them an appetite, loosens their hides and makes them thrive much faster.

In all diseases of swine this article acts as a specific; by putting from a quarter to half a paper in a barrel of swill, the diseases will be eradicated or entirely prevented. If given in time a certain preventive for Cholera. Price 40 cents per pound paper; 3 for $1.

PREPARED BY JOHN M. HUBER, DRUGGIST, BALTIMORE STREET, GETTYSBURG, PA.

STILL AHEAD!

HOFFHEINS' REAPER AND MOWER,

One of the Greatest Machines of the Age,

IS superior to any other Machine now in use, and will excel any that will ever be introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work in all kinds of grass and grain. It cuts lodged grain admirably, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

A full trial of the Machine can be had.

Also, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, and the great and well-known GRANT RAKE, the best rakes ever introduced.

We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

Also, THE KEELER AND EXCELSIOR FANNING MILL, the old Hamborough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Any person wishing to examine these machines can see them at the Battlefield Hotel, or at my residence, 3 miles from Gettysburg, between the Taneytown road and the Baltimore pike.

FAHRNEY'S BLOOD SEARCHER,

OR PANACEA.

THIS well known and popular medicine was formerly put up in packages by Dr. Fahrney, near Boonsboro', Md., but is now put up in a liquid form, and is highly commended for all Chronic or long standing Diseases. Hundreds of testimonials could be given, but the following will suffice:

"Dr. P. Fahrney's Blood Searcher or Panacea," is a medicine that we can recommend to those who are afflicted, having used it in our own family and furnished our friends with the article; we can, therefore, from experience say that it is a medicine possessing rare medicinal properties. Being a mild purgative, it is well to keep it always in the family where there are children or those subject to colds or other sickness. It is compounded from medicinal Roots, Leaves, Barks, Seeds, and Berries, which are said to be entirely free from poison. We are personally acquainted with the proprietor, who was our family Physician for several years, and we were at one time raised from a bed of affliction under his judicious treatment.—*Christian Family Companion.*

FAHRNEY'S BLOOD SEARCHER.—From our personal acquaintance with Dr. P. Fahrney, and from the reputation of the above named medicine in the community where he lives, we can cheerfully recommend it to a fair trial to all who may need a PANACEA for the physical maladies of mortality until the great PANACEA for all diseases shall be found in the leaves of the tree of life.—*Prophetic Watchman.*

Also by A. D. BUEHLER, Gettysburg, Dr. JAMES CRESS, Littlestown, and SHIELDS & MUSSELMAN, Fairfield, Adams county, and by Store keepers and Druggists generally.

NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED

BITTER CORDIAL.

THIS medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great store house of nature, and selected with the utmost care. It is not recommended as a "CURE ALL," but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and specific remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK HEADACHE, &c. For CHILLS and FEVERS of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

ORGANS AND MELODEONS.

These Instruments stand unrivalled by anything found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

A WORD TO THE WISE!

HIGHLY IMPORTANT

TO FARMERS!

GENTLEMEN, I have, after long study and a series of experiments, found that the soil of our county requires something quick, active and durable; and, hearing of

F. C. RENNER'S

Chemical Fertilizer,

and it having been thoroughly tried by different farmers in the county, and found to surpass all others on all kinds of soil, and being much cheaper, I have purchased the Right for Adams county, and am prepared to FURNISH THE FERTILIZER in any quantity. I will deliver to any town or Village in the county, any amount over a ton.

RENNER'S CHEMICAL FERTILIZER cannot be surpassed for its wonderful effects on all kinds of Grain, and at the same time it is one of the cheapest now in use or in market. I manufacture it for sale at $40 per ton without bags, or $45 in bags. This Fertilizer is composed of the best fertilizing elements that can be had. I use no oil of vitriol; it does not contain any ammonia, therefore I can not use it. Neither do I use lime nor ashes.

The Object of the Chemical Fertilizer

is to introduce a fertilizer that will last for a series of crops, and therefore invite farmers and the public generally to give it a trial on all kinds of Grains and Vegetables.

CAUTION.

I hereby give notice that Farm Rights hereafter sold, unless signed by me, are infringements on my Right, and will be prosecuted and dealt with according to law, from which there is no appeal.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

[illegible]

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

[illegible]

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
